Headquarters for Everything in Pansies

WHOLESALE PRICE LIST.

NEW CROP OF PANSY AND OTHER SEASONABLE SEEDS.

Everything Known in Pansies.

We have added several Novelties and New Varieties in Pansies this season to our already Complete Collection. We can truthfully continue to state that we have "Everything Known in Pansies," as this list contains the cream of over twenty growers and specialists in Pansies abroad and at home.

OUR BLENDS. Our seeds are grown and saved in separate colors and strains, and blended after harvest by set formulas, thus securing uniform mixtures that can be depended upon. This season we have improved each blend by adding new colors and markings, without advancing the old popular prices. For full particulars, see last page. With the increasing demand for our seeds and plants, we are extending our facilities by securing and developing the

CLOVENA NURSERIES which are conveniently located in the beautiful Clove Valley, Richmond Borough, New York City, containing soil and natural conditions especially adapted to the perfect growth and development of the Pansy. With our seed warehouse and greenhouses located together at the Nurseries, all additional trade can be carefully and promptly attended to. Last autumn we were awarded the

HALF TONE FROM PHOTO (REDUCED) OF

2737. Prize Medal Award. For description, see last page.

We furnish many thousand Florists with their entire supply of Pansy and other Seeds every year, with perfect satisfaction. To those who never planted our seeds we suggest that they take advantage of the

SPECIAL FEATURE, "Order, Plant, then Pay,"

which we inaugurated in 1892, and FILL OUT THE ORDER BLANK sent herewith and get our

GRAND PANSY INTRODUCTION COLLECTION, No. 2736,

for 1899, improved, but still offered for the old price, \$1.75. It comprises one regular packet each of 125 seeds, (in all 7,500 seeds) of the sixty kinds and strains enumerated in section 2, on next page. The actual value of this collection of sixty packets at our wholesale list price is \$3.20 and at the regular seedsmen's prices would cost over \$6.00, and at other pansy specialist's 1,000 seed rates, for mixtures, would cost over \$4.00. Our net price is only \$1.75, prepaid, on the following liberal terms. If you will send us your name and address on the accompanying Special Order Blank, we will forward at our own expense, by return mail, or any date you name, this, the finest collection of Pansy seed ever offered, and you need not pay for it until received and planted--say one month. Many who grow their own seeds order this collection year after year, from which to grow the stock plants. Pansy plant growers plant largely of our strains, as the stock always sells. We invite comparative and competitive trials.

JUL 20 1923
U. S. DEPARTMENT OF AGRICULTURE.

GOVERNMENT CONTRACT for furnishing, putting up and mailing over fourteen million packages of seed for the Department of Agriculture, which, when sacked ready for the mails, filled about 45 cars.

The order consisted of about 3,000 lbs. flower seed, 142,300 lbs. vegetable seed, and about 10,000 bushels beans, corn, peas, cotton and grass seed. The

QUALITY of all the seed was required to be of the highest, and was subjected to the most rigid inspection and tests known to science.

REMITTANCES. Under the new rule of all the New York Banks, we are required to pay 10 cents for collection on all out of town checks, and therefore ask our friends when remitting small amounts less than \$5.00 to please send us either Postal or Express Money Orders or N. Y. drafts.

OUR MAIL is so large that communications addressed to us simply New York go direct in our post-office box.

2632. New York Giant Market Blend.—A mixture of robust, hardy, free flowering giants of fine colors, with a good percentage of yellow, blotched, and light grounds. We grow and harvest the seed in separate kinds and colors from the best large flowering plants, and make the stock up from a set formula by blending the proper quantities of each together, thus securing an even and uniform strain that is so popular and in great demand around New York City. While the blend will not produce the variety of colors and flowers of as great substance as our New York Fancy Show Blend, No. 2710, it is a very fine mixture of large-flowering kinds, and suitable for florists who need a real first-class stock and yet compete with rivals on moderate prices. Price of seed, prepaid, packet of 125 seeds, 7 cents. Trade packet of 2,000 seeds, 50 cents. Trade packet of 5,000 seeds, \$1.00. Ounce, \$2.50.

2709. New Buttercup Blend.—This is an extra mixture of yellow and golden-flowering kinds selected from all races, and is grown and treated the same as 2632 to secure uniform quality. We guarantee that every plant will produce flowers with yellow or gold in them—from solid yellow in different shades to spotted, marbled, blotched and banded flowers in fire and gold. Where the fashion requires yellow in pansies, this is the best for florists' use and far ahead of the yellow kinds offered for this purpose, it being varied in the shades of yellow and gold. Price of seed, prepaid, packet 125 seeds, 8c. Trade packet, 2,000 seeds, 6c. Trade packet, 5,000 seeds, \$1.20. Ounce, \$3.00.

2710. New York Improved Fancy Show Blend.—For variety of color, shades and markings, it has no equal, as it is made up after harvest, from 35 best and newest colors, besides over a dozen celebrated strains and mixtures selected from all classes and races, with the principal object of getting the best bloom of extra substance and perfect formed giants in the choicest dark colors and shades. Over 100 distinct colors and markings are produced from this blend.

many of which are exhibition, and therefore it is the best *High Grade Florists' Mixture* ever offered. We have many customers who write that this blend produces better and more colors than the \$8.00 to \$12.00 mixtures offered by seedsmen. We have again improved it by adding several new colors this year, but keep to the popular old price of 125 seeds, 10c. Trade packet, 2,000 seeds, 8c. Trade packet, 5,000 seeds, \$1.60. Ounce, \$4.00.

2737. Prize Medal Award.—FOR ILLUSTRATION FROM PHOTO, REDUCED, SEE FIRST PAGE.—We offer this mixture to fill a demand for strictly fancy exhibition prize stock, and recommend it to those who wish to exhibit at high class shows or those who take great pains in the growth and development of the pansy. It is made up from seed saved from numbered and named prize awarded plants of rare blotched kinds, penciled and marked in greatest perfection, so desirable, yet so difficult to develop. It does not contain any selves or as great a variety of colors as our Fancy Show Blend, No. 2710, and is not intended for ordinary bedding or florists' sale stock, except those who have a critical trade and can get the proper prices. With ordinary care and culture, or with the masses, it will be a disappointment, but under special care and cultivation, mammoth round flowers of surpassing substance and quality will be produced. Packet, 125 seeds, 30c. Trade packet, 2,000 seeds, \$2.40. Trade packet, 5,000 seeds, \$4.80. Ounce, \$12.00.
